

WELDING TRAINING SOLUTIONS

VRTEX® ENGAGE

WELDING STARTS HERE

For some, the first step into the virtual learning environment can be a big one. Lincoln Electric makes that first step easier with VRTEX® Engage™. This standalone foundational system is designed to introduce students to the skilled trades - specifically arc welding.

VRTEX Engage includes a touch screen monitor, welding gun, tracking device and a work surface. It's all contained in a lightweight and portable carrying case that can be deployed in any setting – industrial, educational or elsewhere.

VRTEX Engage is a cost-effective tool designed to help educators train welders more efficiently and engage students to explore a career in welding. The system addresses introductory welding lessons, including safety, machine and process selection, welding procedure set up, welding theory and more.

Processes »

SMAW, GMAW, FCAW-G and FCAW-S

Product Number »

K4299-1 Standard Frequency
K4299-2 Alternate Frequency 1
K4299-3 Alternate Frequency 2
K4299-4 Alternate Frequency 3

The road to educating a skilled welding workforce starts with one small step. Make that small step a giant leap with VRTEX Engage.

BENEFITS

Learn anywhere

- The portable system sets up anywhere to introduce the skilled trades to students.

One small step

- VRTEX Engage provides an introductory environment that incorporates STEM features, exposure to welding safety, procedures and techniques.

No Hidden Fees

- With VRTEX Engage, there are no licensing requirements or annual fees for use.

Increase hands-on practice

Explore welding career paths

Reduce costs with no waste

- There is no use of metal or gas in the virtual environment.

FEATURING

Complete package

- VRTEX Engage, housed in a sturdy rolling hardshell case, contains a complete learning environment. Just open the box and get started.

View a demo of each weld

Instant feedback and assessments

- Evaluate student understanding of basic welding safety and weld procedure setup

Video replay

- For instructor or student review and analysis on the welding process

CUSTOMER ASSISTANCE POLICY

The business of The Lincoln Electric Company® is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.

Subject to Change – This information is accurate to the best of our knowledge at the time of printing. Please refer to www.lincolnelectric.com for any updated information.
